

## BOOT CAMP TAKE-AWAYS

### ***QUESTIONS TO PONDER...***

1. How do you prepare students for the flipped classroom experience?
2. What is the perceived impact of this pedagogical model on student learning and instructor teaching?
3. Is this model sustainable?
4. Is the flipped model so disruptive that it can fundamentally challenge and change the functioning of our current educational system?
5. The flip model allows for more authentic learning and student engagement. What happens with the students who don't complete the independent content piece?
6. The number of free content resources available online for the flipped model is increasing at a rapid rate. Will this cause a fundamental shift in the professional requirements of teachers in skills based education from content experts to pure, classroom facilitation experts?
